The Masonic Stamp Club of New York was organized in 1934 for the purpose of encouraging research and study in Masonic Philately, and to establish bonds of good fellowship among Masons who are stamp collectors. The need for the organization has proved itself through the years with its ever-increasing membership and the formation of other Masonic stamp clubs in the United States.

The Editor invites all members to submit items of information and articles on the subject of Masonic Philately. Typewritten copy and/or camera ready items will result in the best possible presentation of your material if it is selected for use.

WHO'S WHO ON THE "GROUP" STAMPS

by

Christopher L. Murphy, BF

Many Freemasons seen on stamps are among the people shown on what I have termed "group stamps." Most of these stamps are designed from paintings or photographs that have a "key"(official or unofficial) indicating the identity of the people shown. Masonic researchers over the years have researched the "keys" to determine which individuals were Freemasons. As a result of such research on U.S. and Canadian "group" stamps, fifty-one (51) Masons have been identified.

It is reasonable to assume that there are many more Masons on the "group" stamps. This presentation has been prepared to facilitate the research process. The following is an alphabetical listing of all men shown on U.S. and Canadian "group" stamps that have a key. The entries prefixed with the symbol (§) identify the Masons. Please note that the entries identified as Masons are only those for which there are confirmed records of Masonic membership or strong evidence supporting membership. The information in parenthesis after the name shows the key number and Scott Catalogue number of the applicable stamp. The actual stamp keys are found after the listing. The pages are in order according to the Scott Catalogue Number. If, for example, you wish to see the first entry (Adams, John) on the "group" stamps, reference individual No. 20 on USA #854 and No. 31 on USA #1692.

Having one master list showing all individuals greatly reduces time and frustration in determining if a person is shown on one of the group stamps. As we move forward in time, information comes to light on Masonic memberships not previously known, or commonly known (magazines, biographies and so forth). Checking for specific stamps on people is reasonably straight-forward. The "group" stamps, however, present a problem without a systematic process for research. Please keep this listing handy and if you uncover something, please share -- it's all part of the joy of Masonic philately.

There are two Freemasons who should be on this list but unfortunately they cannot be identified on the stamp that should include them. These two individuals are Gunning Bedford Jr. (Washington Lodge No. 14 -- now No. 1, Delaware) and William Paterson (Trenton Lodge No. 5, Trenton, N.J.). They both signed the U.S. Constitution so should be identifiable on USA #798. This stamp was designed after a painting by Janius B. Stearns. The actual painting reasonably includes more individuals than we see on the stamp. Unfortunately, the only key I have (see pages following) refers to the stamp and not the actual painting. We might reason that Bedford and Patterson are among those delegates who are shown as "Not Identified" on the key. It appears the stamp designer consciously included only thirty-nine delegates in the stamp design to represent just the signers. We know that there were thirty-nine (39) signers, and the stamp shows exactly that number of individuals. However, according to the key, Edmund Randolph, Elbridge Gerry and Oliver Ellsworth *who did not sign the Constitution* are in the group shown. Nevertheless, in reality there were *up to* forty-six (46) delegates in attendance at the Constitution Convention on September 17, 1787. In all, fifty-five delegates went to the convention but no more than forty-six attended the meetings at any one time. The following is a list of the signers of the Constitution. The Masons are identified with the symbol (§).

2001 ROSE PARADE MASONIC FLOAT

In our continuing effort to present the FAMILY OF FREEMASONRY to the public and generate interest in the fraternity, the Float Task Force has again been authorized to enter a float in the 2001 ROSE PARADE.

The theme of the 2001 Parade is "FABRIC OF AMERICA". Our 35 foot float will be titled "LET FREEDOM RING" and will feature a replica of the famous Liberty Bell as the centerpiece, as well as the original 13-star flag and a scroll depicting the Constitution. On each side of the Constitution, there will be a DeMolay, a Job's Daughter and a Rainbow girl symbolically guarding the Constitution and ensuring its continued use in the future. Details are described in the enclosed flyer which we hope you will publish in your communications medium.

The FAMILY OF FREEMASONRY floats have been receiving much attention over the years. Live television interviews were held at some floats. One of our floats was selected as the visual lead on prime-time television news. Newspaper articles identified some of our floats as being among the best crowd pleasers in the Parade. The 1999 float was awarded the Lathrop K. Leishman trophy for the most beautiful entry from a non-commercial sponsor. The 2000 float, Statue of Liberty, was also very impressive.

The return from the investment in the float program is difficult to determine. However, its primary purpose is to expose the principles of Freemasonry and its organization to the public in a manner that will attract future members. We have continued to emphasize the charitable work of the fraternity, its patriotic role in shaping democracy, its history, the many organizations which comprise the Family of Freemasonry and its youth organizations.

The 2001 float will be the tenth consecutive float sponsored in the Rose Parade, nine of which have been funded by voluntary contributions from Lodges, Grand Lodges of other jurisdictions, concordant and appendant organizations in the Family of Freemasonry and individuals. Unfortunately, the voluntary support has gradually diminished to the extent that we are not able to sustain a continued yearly appearance in the Rose Parade without other financial support. At the same time, the cost of sponsorship is generally increasing. Regrettably, it will be necessary to terminate this great Public Relations program after the year 2001, unless a more reliable fund raising program can be identified.

We would appreciate your assistance in publicizing the float in one or more issues of your publications.

Sincerely and fraternally,

Stanley L. Channon, PGM

NEWS & INFORMATION ON THE MASONIC FLOAT IN THE 2001 TOURNAMENT OF ROSES PARADE

FREEDOM SYMBOLS RIDE ON MASONIC FLOAT

Three of America's most significant symbols of freedom — the Liberty Bell, Constitution and the 1777 design of the Stars and Stripes — will decorate the Family of Freemasonry float in the 2001 Tournament of Roses Parade on New Year's Day, it has been announced by Stanley Channon, Chairman of the Float Task Force.

Embracing the parade theme, Fabric of America, the 35 ft. float will be entitled "Let Freedom Ring," with the Liberty Bell centered in the middle of the colorful Masonic entry. As the float heads down Colorado Blvd. in Pasadena on Jan. 1, the sound of the bell will be heard along the parade route and ring clearly in the homes of millions of viewers around the world.

THE 2001 FLOAT continues the patriotic Masonic message of last year when the Statue of Liberty was featured. Previously, the modern American flag and a soaring eagle had been highlighted on floats by the world's largest fraternity.

"We wish to remind viewers that Freemasons played a large part in the founding of America," said Channon, a Past Grand Master of California Masons.

Carrying on that heritage will be six riders on the float from Masonically related youth organizations, Demolay, Job's Daughters and Rainbow For Girls.

THE BELL ON THE FLOAT is similar in size to the original bell which was 12 ft. in circumference and weighed 2,080 lbs., but it will be made from a reinforced wire structure covered with foam as a base for decorations.

Those decorations will consist of a combination of pine, paper and redwood bark to create the color and highlights, according to Bill Lofthouse of

Phoenix Decorating, designer of the float. White carnation and gladiolus petals, along with dried and fresh materials, will also be used.

The famous crack which resulted when it was tolled in 1835 at the funeral of Chief Justice John Marshall will be visible on the bell.

DRESSED IN THE REGALIA of their organizations, the six young people will be seated on each side of the Constitution which will be fashioned from corn husks, onion seed and seaweed to create the lettering.

Whole red and white carnations, blue and white statice, white rice and carnation and gladiolus petals and a base of white rice and carnations will surround the flag. Roses, gerbera daisies and chrysanthemums will complete the base.

THE INK WELL at the front of the float and the quill will be made from

seaweed, dried materials, white orchids, dried straw flowers and fresh carnation petals.

DEPUTY GRAND MASTER

David C. Decker reminds us that a number of prominent leaders who framed the document portrayed on the float were Freemasons who used the Constitutions of Freemasonry as the basis for the Constitution of the United States.

Contributions Needed

Masons throughout the world are asked to contribute to the cost of sponsoring the Family of Freemasonry float. You may do so by sending your donations made payable to Rose Parade Masonic Float, to Donald A. Journey, treasurer, 608 Los Olivos Dr., San Gabriel, CA 91775-1617. Merchandise order forms are also available. Please note that contributions are not deductible.

Dear Brother,

On 7th September 2000, Concord Lodge #79 A.F. & A.M. on the Grand Registry of British Columbia, Canada, celebrates its 1000th Communication.

As a stamp collector (I do not rate myself as a philatelist), I thought a commemorative envelope to celebrate this occasion would be ideal. Consequently this was agreed to and I enclose a copy herewith.

Would you please be good enough to include this item in your next available issue of The Philatelic Freemason. A small card enclosed in the envelope gives a thumb-nail sketch of the Lodge beginnings.

Anyone who wishes to obtain a numbered copy (or copies) of this item can do so by forwarding the sum of \$3.00 to:-
